

USB 3.0 never looked this good.

Kingston's DataTraveler® Mini 3.0 features a compact form factor that makes it the ideal companion for devices in which the USB ports are close together. It fits on a key ring or in a pocket to keep it accessible.

This capless drive is available in multiple colors and includes a key loop and metal casing to protect the drive from drops, bumps and knocks. It's backwards compatible with existing USB 2.0 ports, allowing 2.0 users to migrate to 3.0 in the future without replacing their drive.

DataTraveler Mini 3.0 is backed by a five-year warranty, free technical support and legendary Kingston® reliability.

- > Small form factor
- > Stylish metal casing
- > Fashionable colors
- > Customizable with your logo and/or digital files

DTM30/64GB — Graphite
DTM30/128GB — Emerald

¹ Minimum quantity required. Performed at the factory.

² Some of the listed capacity on a Flash storage device is used for formatting and other functions and thus is not available for data storage. As such, the actual available capacity for data storage is less than what is listed on the products. For more information, go to Kingston's Flash Memory Guide at kingston.com/flashguide.

³ Speed may vary due to host hardware, software and usage.

⁴ Requires a host device with a USB 3.0 port
