

MobileLite G4

kingston.com/flash

An essential part of your mobile gear.

Kingston's MobileLite G4 is a multi-function card reader with a small metallic form factor that's roughly 20 per cent smaller than the previous generation and no bigger than a large paper clip, so it easily fits in a pocket, handbag or camera bag and is ideal for personal or professional use. This versatile device reads SD, SDHC, SDXC, UHS-II and microSD/SDHC/SDXC, UHS-I and supports the latest card speeds.

MobileLite G4 is compliant with the USB 3.0 specification and delivers USB 3.0 performance to save time when transferring digital files, photos, games, music and more. It's backwards compatible with USB 2.0 ports to allow users to migrate to USB 3.0 in the future, using one card reader. MobileLite G4 is backed by a two-year warranty, free technical support and legendary Kingston® reliability.

-
- › Portable, sleek metallic design
 - › USB 3.0 multi-function card reader
 - › Backwards compatible with USB 2.0
