

Automatic personal data security.

Kingston's DataTraveler® Locker+ G2 USB Flash drive automatically protects all of your portable data. Available in capacities up to 32GB, it's easy to use, with no extra software needed, and it works interchangeably between Mac OS X and Windows systems.

For peace of mind, DataTraveler Locker+ G2 hardware encrypts and password protects data saved on the device. Simply select a password during setup and be confident that all your data has a dual layer of protection. It features a stylish, durable metal casing and a built-in key loop so it easily attaches to a briefcase, backpack or purse. DataTraveler Locker+ G2 is backed by a five-year warranty, free technical support and legendary Kingston® reliability.
