Kingston CompactFlash Ultimate

lifetime warranty | free technical support

The high-performance media you need for professional results

With its impressive minimum sustained write speed rating of 133x, CompactFlash Ultimate is the perfect match for high-end digital cameras and other devices that benefit from fast capture and storage functions. It's designed to deliver superior results with fast transfer and support for continuous shooting.

For added peace of mind, every Kingston® CompactFlash Ultimate card comes preloaded with Ontrack® EasyRecovery™ Professional 6.1 software that recovers photos in case they're lost or corrupted on the card due to power failures, viruses or accidental deletion. EasyRecovery provides a complete, easy-to-use interface to diagnose and recover valuable files.

To ensure that Kingston Flash memory solutions are among the performance leaders in their class, Kingston engineers select high-performance controllers as part of each card's design. Each card is 100-percent tested and you can rest assured that every CompactFlash Ultimate card has received a perfect score.

Available in capacities up to 8 GB*, CompactFlash Ultimate offers plenty of room for capturing and storing high volumes of images in RAW, JPEG, TIFF and other large file formats.

As with all Kingston Flash cards, CompactFlash Ultimate cards are backed by a lifetime warranty, 24/7 live technical support and the legendary reliability that makes Kingston the leader in memory.

Includes **FREE** data recovery software
