

SSDNow mS100

Save space, time and money.

Kingston's SSDNow mS100 is a small form factor, caseless solid-state drive ideal for enthusiasts, system builders and OEM customers who can now build smaller systems with bigger results.

The mS100 SSD is 8 times smaller than a traditional 2.5-inch hard drive, making it perfect for hard drive replacements in small form factor or embedded system builds.

By integrating Kingston's mS100 mSATA SSD with a hard drive and Intel's Smart Response Technology on a Z68 motherboard, desktop users can experience the performance of an SSD with the large capacity and low cost of a hard drive. Intel's technology recognises frequently accessed data and copies it to the SSD (SSD caching). This decreases system, application and frequently accessed software load times.

mS100 is covered by a three-year warranty and legendary Kingston® reliability.

- > 8X smaller than a standard 2.5-inch hard drive
- > Works with Intel's Smart Response Technology
- > Hard drive replacement

SSDNow mS100

FEATURES/BENEFITS

- > **Multiple capacities** — to fit your design needs
- > **Supports Intel's SRT** — optimises SSDs to act as boot drives for quick access to frequently used applications or files (caching)
- > **Supports SMART** — monitors the status of your drive
- > **Supports TRIM** — ensures maximum performance on compatible operating systems
- > **Guaranteed** — three-year warranty, free technical support

SPECIFICATIONS

- > **Form factor** mSATA
- > **Interface** SATA Rev. 2.0 (3Gb/s), SATA Rev. 1.0 (1.5Gb/s)
- > **Capacities¹** 32GB & 64GB
- > **Sequential read²**
 - 64GB – 255MB/s
 - 32GB – 135MB/s
- > **Sequential write**
 - 64GB – 170MB/s
 - 32GB – 90MB/s
- > **Random read IOPS/s³**
 - 64GB – 11,000
 - 32GB – 5,000
- > **Random write IOPS/s**
 - 64GB – 3,000
 - 32GB – 3,000
- > **Warranty/support** three-year warranty with free technical support
- > **Power consumption** 0.11W (TYP) idle / 1.55 (TYP) read / 3.18 W (TYP) write
- > **Dimensions** 50.88mm x 30mm
- > **Weight** 7.3g
- > **Operating temperatures** 0°C ~ 70°C
- > **Storage temperatures** -40°C ~ 85°C
- > **Vibration operating** 2.17G
- > **Vibration non-operating** 20G
- > **MTBF** 1,000,000 hrs

SMS100S2/64G

This SSD is designed for use in desktop and notebook computer workloads, and is not intended for server environments.

1. Please note: Some of the listed capacity on a Flash storage device is used for formatting and other functions and is thus not available for data storage. As such, the actual available capacity for data storage is less than what is listed on the products. For more information, go to Kingston's Flash memory Guide at kingston.com/flash_memory_guide.

2. Based on "out-of-box performance" with ATTO Disk Benchmark 2.41. Speed may vary due to host hardware, software and usage.

3. Based on "out-of-box performance" with IOMeter.
