1. Some of the listed capacity on a Flash storage device is used for formatting and other functions and thus is not available for data storage. As such, the actual available capacity for data storage is less than what is listed on the products. For more information, go to Kingston’s Flash Memory Guide at kingston.com/flashguide.

2. Speed may vary due to host hardware, software and usage.

3. IEC/EN 60529 IPX7 certified for protection against continual water submersion up to 30 minutes at a depth of up to 1 m. Withstands temperature range from -25°C to 85°C. Based on MIL-STD-810H, METHOD 512.5 military standard test method. Protected against X-ray exposure based on ISO7816-1 guidelines.
